Moldova: Vienna Insurance Group acquires MOLDASIG S.A.

Today, Vienna Insurance Group (VIG) has prevailed in the public auction for the acquisition of 80% of the shares of MOLDASIG S.A. (Moldasig). Through this investment, VIG becomes the market leader in the Republic of Moldova with an estimated share of approximately 30 percent.

In May 2025, VIG announced its intention to acquire Moldasig, one of the country's leading non-life insurers. This intention has now been formally implemented by signing a Share Purchase Agreement with the Moldovan state over buying 80% of the company's shares. The transaction is expected to be completed in the coming days, subject to customary closing conditions, including notification of the Moldovan competition authority.

Peter Höfner, Deputy CEO of VIG and Managing Board Member responsible for Moldova, comments: *"This acquisition demonstrates our strong commitment to the Republic of Moldova. Our strategic objective is to contribute to the better service of the Moldovan economy and its citizens by further strengthening the insurance sector. We have confidence in Moldova's European integration trajectory and intend to apply our international expertise to enhance stability and risk protection, for the benefit of society at large. We would like to specifically mention the transparent and professional organization of the process by authorities of the Republic of Moldova as well as to express our gratitude for their trust in VIG as a long-term partner."*

VIG is present in Moldova since 2014, following the acquisition of the insurance company Donaris, which currently serves more than 120,000 customers nationwide.

Vienna Insurance Group (VIG) is the leading insurance group in the entire Central and Eastern European (CEE) region. More than 50 insurance companies and pension funds in 30 countries form a Group with a long-standing tradition, strong brands and close customer relations. Around 30,000 employees in VIG take care of the day-to-day needs of around 33 million customers.
